requirements of both programs.

## Graduate Program Learning Outcomes

within each graduate program, and to allow graduate students seeking
ate program at Murray State University structures the content of
their curricula to include 1) knowledge of the literature within the
within each program with a (L) for literature, (R) for research, and
(PT) for professional training. Each program may also use a variety
of other methods in which students may demonstrate mastery of
one or more of these; other methods may include: theses, capstone
