## Satisfactory Academic Progress (SAP) versus Academic Standing

The Department of Education and Kentucky Commonwealth each require student to meet Satisfactory Academic Progress (SAP) requirements in order to remain eligible for federal and state loans and grants. Failure to meet the standards could lead to loss of eligibility for both federal and state financial assistance.

A SAP financial aid suspension is not the same as an Academic Suspension. Students may receive a SAP financial aid suspension, but be academically eligible to enroll and continue taking courses at Murray State without receiving any federal or state financial assistance. Students who receive a SAP notice should contact the Student Financial Services Office for more information regarding their financial aid eligibility and how to appeal. SAP notifications are sent directly to students by Student Financial Services. Notices of Academic Suspension that prevent registration are sent directly to students by the Office of the Registrar.

## Academic Suspension Appeals

A student who has been academically suspended from MSU and feels it was due to circumstances beyond their control may appeal in writing to the Registrar for special consideration. The student's request will be forwarded to the Academic Appeals Committee for review. For more information about appeals, deadlines to appeal, and to submit an official appeal, please visit <http://www.murraystate.edu/academics/RegistrarsOffice/records.aspx>.
